DR. CHRISTINA COBURN  
CFS HEALTH SERVICES (PACIFIC)  
97 - 1200 COLVILLE RD  
VICTORIA BC V9A 7N2

Patient Name:

Date of Birth:

Date of Mammography: 27 MAR 15

**INTERPRETATION:** - Bilateral Mammogram

Mammogram interpreted as within normal limits

**RECOMMENDATION TO PRIMARY CARE PROVIDER:**

If asymptomatic, return for regular screening  
in two years.

**BRITISH COLUMBIA'S BREAST SCREENING POLICY**

Average risk

Ages 40-49: Routine mammography available every two years.  
Ages 50-74: Routine mammograms are recommended every two years.

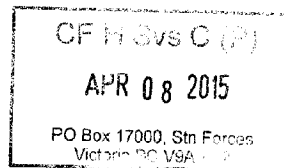

Higher than average risk

Ages 40-74 with a first degree relative with breast cancer:  
Routine screening mammograms are recommended every year.

Some cancers cannot be detected on a mammogram due to the location  
of the cancer or the density of the breast tissue. Any new breast  
changes should be investigated as necessary.
